Model: 4P5D8AA

Manufacturer: KINGSTON

EAN: 196188046227

Product Code: 406460

R1,988

Aim quicker, game better.

The HyperX Pulsefire Haste Wireless Gaming Mouse packs in all the best features of the ultra-lightweight Pulsefire Haste plus a wireless connection and long-lasting battery life, but only adds a mere 2g of additional weight[1]. If you've been hesitant to cut the mouse cord, fear not, as the Pulsefire Haste's 1ms report rate and 2.4GHz signal provides a low-latency wireless connection that meets the demands of elite players. Not only that, but with up to 100 hours of battery life[2], you'll get over 4 full days of clicking on heads from a single charge of your honeycomb mouse. With a responsive, split-button design, you won't have to worry about missed clicks, as the satisfying, tactile TTC Golden micro switches are rated for up to 80 million clicks. If you prefer a cable, HyperX also includes a HyperFlex cable which teams up with the virgin-grade PTFE skates to deliver a smooth, easy glide.
