Easy-to-use USB microphone for streamers and content creators.

For video editors, streamers, and gamers looking for a USB microphone with great sound quality, the HyperX SoloCast is a must have. It’s Plug N Play, making it simple to use, with some of our fan-favorite conveniences like the tap-to-mute sensor and LED mute indicator. The versatile microphone has a flexible, adjustable stand and is also compatible with most boom arms, so it can either sit on your desk or work mounted. Certified by TeamSpeak and Discord and compatible with OBS, XSplit, Streamlabs OBS and a number of other programs, it’s an extremely streamer-friendly microphone.

Plug N Play audio recording

Get quality audio recordings with this easyto-use USB condenser microphone. The cardioid polar pattern prioritizes sound sources directly in front of the microphone.
