Palm Rejection

Palm rejection allows you to rest your palm on the screen as comfortably as if you were writing on paper. Whether you're drawing or writing, you don't have to worry about palm-touch interference, so you can focus on the precision and smoothness of each stroke.

Eraser Button

Active Stylus Pen features an Eraser Button* for quickly correcting notes and drawings. Change from pen to eraser with a simple click.

*Only functions in apps that support the feature.

Long Battery Life

Active Stylus Pen is equipped with a rechargeable battery and USB Type-C fast charging. It can be used for more than 240 hours* of continuous writing and drawing. In standby mode, it can last for up to 80 days.

*A single charge lasts more than 240 hours, based on a daily usage pattern of 2 hours of active use and 22 hours on standby. Battery life may vary depending on use.

Compatible with USI 2.0 Devices

The HANNspree Active Stylus Pen seamlessly works with the HannsNote 2, Lumo Paper Tablet, and any USI 2.0-compatible device, enabling effortless note-taking across multiple devices.
