ASUS TUF Gaming GT502 Midi Tower White

Model: 90DC0093-B09010

Manufacturer: ASUS

EAN: 4711081943013

Product Code: 408459

R5,067

TUF Gaming GT502

It’s Wonderfully Split!

Dual Chamber Chassis

TUF Gaming GT502 configures independent cooling zones for the CPU and GPU

Panoramic View

Tempered glass panels provide a tactfully tinted view for showcasing your build

Front Panel High-Speed USB Type-C

The front panel features a USB 3.2 Gen 2 Type-C port ripe for transfer speeds up to 10 Gbps

Tool-Free Side Panels

The side panels can be removed simply by pressing a button hidden on the rear of the chassis

IT'S WONDERFULLY SPLIT!

Flexible, scalable, and divided up in all the right ways: the TUF Gaming GT502 puts your prized hardware up front and holds your six with a stack of cooling options to slay thermals and express ultimate performance. Load up, lock in, and watch it thrive.

DUAL-CHAMBER CHASSIS

CLIMATE CONTROL

GT502 internals are divided into two chambers, allowing you to build clean and configure independent cooling zones for the CPU and GPU. Freely expand your rig and give system components the ideal environment to dish out frames and slice through workloads.

VERSATILE ATTACHMENTS

CHILL OR STOW

A 360mm bracket rides in the rear chamber and can carry radiator and fan combos or three storage devices.

COMFORTABLE ON EDGE

Stand your graphics card up proud with an included vertical mount* or slot it directly into the motherboard and banish sag with a bundled support bracket.

*PCIe extension cable not included

TOOL-FREE SIDE PANELS

FINGER-FRIENDLY RESTRICTIONS

The TUF Gaming GT502 continues its builder optimizations with side panels that can be removed simply by pressing a button hidden on the rear of the chassis.

PANORAMIC VIEW

SINGLE-STATE PEEKABOO

Tempered glass panels at the front and side provide a tactfully tinted view of the main chamber, showcasing your build to own the room.

FRONT PANEL HIGH-SPEED USB TYPE-C

WITHIN ARM’S REACH

In addition to two USB-A ports, the TUF Gaming GT502 front panel features a USB 3.2 Gen 2 Type-C port ripe for transfer speeds up to 10 Gbps.

TUF GAMING-STYLE WOVEN STRAPS

WEAVE HO!

Two durable and detachable straps that can support up to 30 kg (66 lbs) make it much easier to move the chassis around even when it’s packed with hardware.

FULLY MODULAR DESIGN

DOWN TO THE SKELETON

Whether you prefer a modest build or a fully-loaded battle station, the GT502 is ready. Most of its panels and mounts are removable to ease hardware installation – take it apart to your heart’s content then build it up in your ideal image.
