R1,312

ROG Scabbard II gaming mouse pad (medium and extended sizes) with protective nano coating for a water-, oil-and dust-repellent surface, with anti-fray, flat-stitched edges and a non-slip rubber base

TRIPLE PROTECTION

FOR A SMOOTH GLIDE

The ROG Scabbard II sets the stage for your most epic fights and stunning victories. Available in medium and extended sizes, this gaming mouse pad offers ample space for your keyboard, mouse and other gaming gear, making it an ideal staging area before you go into battle. It is made out of durable fabric with a military-grade nano-coating that repels water, oil and dust, giving you an optimal mouse gliding surface. Featuring anti-fray, flat-stitched edges and a non-slip rubber base, the ROG Scabbard II is your best gaming ally.

A WATER-, OIL- AND DUST-REPELLENT SURFACE

ROG Scabbard II is made of durable, oil-resistant woven fabric with industry-leading Grade 100 water-resistance certified by the American Association of Textile Chemists and Colorists (AATCC), so it's protected against accidental spills and easy to clean and maintain. It features a protective military-grade nano-coating* to ensure a consistent and responsive tracking surface that holds up in battle.

Note: Protective nano-coating may be damaged by liquids above 30°C.

GAMING OPTIMIZED SURFACE

The textile-weave surface features a special coating that makes it 1.5 times smoother than standard fabrics, giving you a smooth surface with adequate friction, great for both optical and laser sensors. At 3 mm thick, it creates a slightly cushioned surface for an added level of gaming comfort.

ANTI-FRAY,

FLAT-STITCHED EDGES

Flat-stitched edges of the ROG Scabbard II make it 12% thinner than standard anti-fray stitched mousepads. The thinner design reduces the strain on your wrist for more comfortable gaming, and the narrower flat stitches also give it more pleasing aesthetic.

TWO SIZES TO SUIT YOUR NEEDS

Available in medium and extended sizes, the ROG Scabbard II has ample space for your laptop, keyboard, mouse and other gaming accessories. It also protects your desk from accidental spills and scratches.
