LIGHTWEIGHT MOVEMENT.

FORTIFIED PROTECTION

TUF Gaming M3 Gen II is an ultralight 59-gram mouse designed for comfort, even in the most frantic gaming marathons. This durable mouse is ready for whatever the day throws at it, with IP56 water and dust resistance, plus ASUS Antibacterial Guard protection. Play your own way with six programmable buttons, three onboard memory profiles and Aura Sync RGB lighting.

Ultralight & Ergonomic Design

The compact and lightweight TUF Gaming M3 Gen II barely tips the scales at 59 grams. Its contoured shell enhances both handling and control for nimble movements through round after round of play.

8000-dpi Optical Sensor

The optical sensor in TUF M3 Gen II spans a range of 100 – 8000 dpi to give you the accuracy and speed needed for precise movements. A DPI switch on the top of the mouse allows you to switch between four DPI levels on-the-fly. And with a 1000 Hz polling rate, the onscreen reticle follows your every move with amazing responsiveness.

All-Round Protection

An IP56 dust- and water-resistant protective coating safeguards TUF Gaming M3 Gen II from dirt and spills.

*In the event of accidental spills or if moisture gets into the mouse, it is recommended to discontinue use and leave it for 24 hours to dry.

ASUS Antibacterial Guard

The surface and side buttons of the TUF Gaming M3 Gen II are protected by ASUS Antibacterial Guard. This protective coating has been scientifically shown to inhibit the growth of bacteria by more than 99%* over a 24-hour period, keeping the surfaces of your mouse sanitary, potentially reducing the spread of harmful bacteria.

*Subjected to ISO 22196 Antimicrobial Activity and Efficacy tests conducted by the Taiwan Testing Center SGS

AURA SYNC RGB Lighting

Use the entire color spectrum and lighting effects to personalize your TUF Gaming M3 Gen II, and synchronize the illumination of your devices with the extensive Aura Sync ecosystem to create a gaming den that is uniquely yours.

ARMOURY CRATE
