Fast and secure, with dual-view interaction

ASUS ExpertCenter E5 AiO 24 is the world's only business-ready PC with ASUS VeriView1 — an optional second, outward-facing touchscreen for two-way interaction across diverse business scenarios. Featuring the latest powerful 11th Gen Intel® Core™ i7 desktop processor, high-speed connectivity, two-way AI noise cancelation for clear conferencing, upgradeable storage, VESA mount compatibility and enterprise-grade privacy security features, ExpertCenter E5 AiO is the no-compromise solution for forward-thinking businesses.

Hotel Receptions

With ASUS VeriView, ExpertCenter E5 AiO enables enhanced customer experiences by displaying useful messaging.

Bank Counters

ASUS VeriView enables the display of simple instructions or prompts to customers, enabling them to simply tap the second screen to indicate their agreement to transactions or similar.

Retail Checkouts

ExpertCenter E5 AiO provides an all-new platform for innovative business services. Brand video or advertising can be presented on ASUS VeriView, catching the attention of customers as they wait in the queue.

Small and Home Offices

For remote employees or those running small businesses, ExpertCenter E5 AiO optimizes video-conferencing experiences with ASUS AI noise-canceling audio and built-in security features — enabling clearer communication for more effective working.

PRODUCTIVITY

Class-leading performance

Built to perform and easy to manage for enterprises, ASUS ExpertCenter E5 AiO 24 powers through any task — saving time and minimizing admin. It packs serious business horsepower with a next-level Intel® Core™ processor, generous 32 GB DDR4 memory and comprehensive connectivity, including the latest Thunderbolt™ 4.0. Its sleek, ultracompact form also supports dual-SSD RAID and high-speed WiFi 6E2 connectivity, so it's ready to serve your business today and long into the future.

CLEAR VIDEO CONFERENCING

Lifelike clarity

Meetings come to life on ASUS ExpertCenter E5 AiO 24, transforming your workspace into a rich video-conferencing solution — with a high-resolution camera built right in. The 12 MP sensor³ captures detailed images, with well-balanced lighting that enhances the visual clarity and quality for superior video conferencing.

Processor Interface

TWO-WAY AI NOISE CANCELATION

Powerfully immersive sound without distraction

To level up professional conferencing, ASUS ExpertCenter E5 AiO 24 also benefits from AI-powered two-way noise-canceling technology that employs sophisticated machine-learning techniques. The technology includes both an upstream function to filter noise around the speaker, and a downstream function to eliminate noise from the person at the other end of the conversation. This helps ensure clear communication in almost any scenario. To simplify use, shortcut keys to make it easy to enable the technology or mute the microphone.

ASUS VERIVIEW

Delivering new interactive experiences

ASUS VeriView is the easy-to-use second touchscreen that elevates expectations of what an AiO PC can do. This powerful, interactive second screen is ready to accommodate diverse business applications, empowering both a dual view and two-way interactivity. Customers are able to see key information at a glance and easily interact using a fingertip. ASUS VeriView can also be leveraged to display news or advertisements, check-in information or QR codes to provide customers with fast access to online information.

Content display

ASUS VeriView second screen is ideal for displaying messaging, such as hotel information or a customer's room-reservation details. For example, a hotel receptionist can enter information on the main screen while the guest views information relevant to their stay on the second screen, which is facing them.

Text mode

Catchy promotional slogans, coupon codes or holidays deals can also be displayed. For example, a café owner could offer seasonal deals — such as “Black Friday, 20% discount” or “March Surprise! Buy one get one free.”

QR codes

For retail, restaurants and similar environments, ASUS VeriView can display a QR code for your customer to scan. The code could lead to a payment page, a digital menu, or serve as a way to collect loyalty points.

Video library

ASUS VeriView can also serve as an advertising billboard while customers are waiting at the counter. This provides a great platform for brands or businesses to deliver key messages to customers through video or graphics.

Partial sharing

Aside from showing the full contents of the main screen, ASUS VeriView is also to restrict certain parts for confidentiality or clarity. For example, a bank could use ASUS VeriView to display only the customer’s name and balance, while keeping account numbers and other personal information hidden. It’s simple to set up partial sharing, just marking which areas should be cropped from display on ASUS VeriView.

NEW KEYBOARD SHORTCUTS

Quick controls for better productivity

To help remote working and video conferencing, our engineers have added some dedicated shortcut keys to ASUS ExpertCenter E5 AiO 24’s keyboard. Now, controls such as muting the microphone, disabling noise cancelation and more besides are just a quick touch away — so you can stay productive at all times.

The 23.8-inch ASUS ExpertCenter E5 AiO 24 NanoEdge display has capacitive touch control⁴, which makes interacting with applications easier than ever. The panel also serves up IPS-level visual brilliance, delivering 100% of the sRGB color gamut. With ASUS Splendid technology included, it's easy to fine tune the display for image perfection. The monitor of ASUS ExpertCenter E5 AiO also features an anti-glare coating and has been certified by TÜV Rheinland for eye comfort and low blue-light emissions — so your eyes stay fresh during long viewing sessions.

EASY-UPGRADE DESIGN

Maintenance made simpler

The base can be quickly and easily removed to allow fast access to the RAM, hard drive and storage, enabling these components to be upgraded or replaced without dismantling the entire machine.

VESA MOUNT

Ready for use, anywhere

For the ultimate in positioning flexibility, ASUS ExpertCenter E5 AiO 24 can be attached to any VESA-compatible wall mount to save even more space.

I/O PORTS

Versatile connectivity

Business requires powerful, enterprise-level performance, and ASUS ExpertCenter E5 AiO 24 boosts productivity with an array of ports for connecting a wide range of peripherals. With HDMI®-out, optional Thunderbolt™ 4 and an optional DisplayPort™, you can enjoy high-performance multitasking on up to four displays, simultaneously — at up to 4K resolution via Thunderbolt™ 4. There's also WiFi 6E2 for fast, reliable wireless connectivity, and a 3-in-1 card reader for easy file transfers or storage.

SERIOUS SECURITY

Your data is your business

ASUS ExpertCenter E5 AiO 24 is equipped with first-class security to keep you, your business and your data safe. The smart proximity sensor that empowers ASUS AdaptiveLock4 detects your presence and uses an integrated infrared camera to recognize your face and log you in — allowing you to get to work without lifting a finger. Then, when you step away, the computer automatically locks itself, protecting both your laptop and your data. On the hardware side, a Trusted Platform Module (TPM) 2.0 chip⁴ securely stores authentication information, so your details remain encrypted.

This virtually eliminates the risk of leaks through hacking. ExpertCenter E5 All-in-One also has a Kensington slot that provides a way to physically safeguard the machine, preventing theft of the PC from unsupervised locations.

Wake on approach

Windows Hello and the IR camera work together to automatically unlock the PC.

IR camera

Login with just a glance — even in the dark.

Walk-away lock

ASUS AdaptiveLock secures the PC when you step away.

Trusted Platform Module (TPM) 2.0

Stores passwords and encryption keys for added security.

Webcam shield

Slide over in a moment, instantly stopping the webcam being used.

Kensington lock slot

Prevent physical theft of the PC from unsupervised locations.

ECO-CONSCIOUS

Made with recyclable materials

Committed to creating a sustainable future, ASUS ensures all its products are compliant to environmental requirements at all stages of their product life cycles. ASUS ExpertCenter E5 AiO 24 is ENERGY STAR® 8.0-certified and rated EPEAT™ Silver for energy-efficient.
