

ACT 8-Port Gigabit Ethernet Switch

Model: AC4418

Manufacturer: ACT

EAN: 8716065518474

Product Code: 410313

R1,761

The ACT AC4418 8-Port Gigabit Ethernet Switch allows one to set up a network easy and fast. The gigabit Ethernet switch is suitable for desk and wall mounting. The solid metal fanless design ensures better heat dissipation and prevents excess noise. The AC4418 has additional features such as auto-negotiation and automatic cross-over detection. The status LEDs are showing the power, link and activity status.

8-Port gigabit Ethernet switch

The Ethernet switch has 8 independent 10/100/1000Mbps ports supporting full-wire speed transmissions in half or full duplex modes.

Solid metal and fan less design

The solid metal housing of the gigabit Ethernet switch ensures better heat dissipation. The switch is extremely quiet because of the fanless design.

Suitable for wall and desk mounting

The switch has dedicated mounting holes for wall and desk mounting.

Auto-negotiation function

The gigabit Ethernet switch achieves optimal performance thanks to the auto-negotiation function. The switch communicates with the connected devices and chooses automatically the correct speed.

Automatic cross-over detection

Cross-over detection ensures that users can connect the switch to another switch without using a crossover cable.

Status LEDs

The AC4418 is equipped with integrated status LEDs on each port that show power, link and activity.
