Product Code: 410788

R3,470

Ultra-Thin Design,

Extraordinary Performance

AX3000 Wi-Fi 6 Air Router

Ultra-Thin and Minimalist Design

Archer Air R5 has a compact size of 210×148×10.8mm and is even thinner than a wall outlet.

The pure white shell, minimalist lines and rounded corners form an elegant appearance and make Archer Air R5 better integrated with modern home interiors.

The LED and WPS 2-in-1 button on the front and the Type-C power port on the bottom further simplify Archer Air R5’s look.

Flexible Installation, Ultra Convenience

Archer Air R5 is designed to easily mount onto walls and offers multiple installation methods. With two 3M adhesives on its back and a plastic bracket accessory, you can paste or mount it on a wall. Its freer placement also saves electrical socket space.

Live in the Fast Lane with WiFi 6

Armed with AX3000 WiFi 6, Air R5 is built to deliver a huge boost in speed, capacity, and coverage.

Smart Antennas for All-Round Coverage

Archer Air R5’s built-in smart antennas use intelligent algorithms to auto-detect your devices’ locations and switch to the optimal antenna arrays, ensuring all-round stable signals even in duplex houses.

Boosted WiFi Signals Throughout Your Home

Armed with 4× powerful FEM and built-in smart antennas, Archer Air R5 boosts WiFi signals throughout your home. Beamforming technology detects devices and concentrates signals towards them, especially in hard-to-reach areas.

Flexibly Create Whole Home Mesh WiFi

Archer Air R5 is EasyMesh-compatible. If you have any dead zones at home, simply add another EasyMesh router/range extender to further form your whole home multi-gigabit mesh WiFi. No more searching for a stable connection. For a better network experience, we recommend combining with Archer Air E5.

WiFi Dead Zone Killer
Eliminate weak signal areas with WiFi coverage for the whole house

Smart Roaming
Uninterrupted streaming when moving around your home
