R11,993

RollerMouse Red Plus is a premium ergonomic centre-aligned mouse made of aluminum, featuring a wide grooved roller bar and scroll wheel for better control.

The RollerMouse Red Plus is adapted for all the functions you can use on a computer today and for all sizes of screens. The roller bar is placed in front of your body, ensuring mouse work with minimal stretching and the centred working position protects against back, neck and shoulder pain throughout the day. The wide wrist rest made of vegan leather and memory foam has an

antibacterial surface with high resistance to infection for optimal hygiene.

The built-in copy/paste buttons make it easy to quickly transfer text or images between programs and if you have other shortcuts you frequently use, the buttons can be set to those. Last but not least: We have used recycled materials in the production of RollerMouse Red Plus
