venues, and temporary shops to access the internet. Deco X50-5G ensures a comfortable and no-block network installation. Plug in your SIM card and enjoy high-speed internet!

WiFi 6 Upgrades Everything

Armed with WiFi 6 technology, Deco whole home mesh WiFi is designed to deliver a huge boost in coverage, speed, and total capacity. Get on the latest mesh WiFi to enjoy the future network that loads faster and connects more.

Deco products are aimed to dramatically improve capacity and efficiency in traffic-dense environments. No matter how many screens or devices are on at once, everyone is able to enjoy a more efficient network that loads faster without dragging down performance.†

Better Signal for Connections Everywhere

With advanced 2.5 Gigabit port, Deco X50-5G provides reliable, warp-speed connections for high-intensive wired devices. When it’s set as a wireless router, both Ethernet ports support being used as backup broadband access points.

Furthermore, two external antenna ports allow external antenna access which can receive 5G/4G signals more effectively, resulting in improved 5G/4G performance.

Seamless Roaming with One WiFi Name

TP-Link Mesh means Deco units work together to form one unified network. Your phone or tablet automatically connects to the fastest Deco as you move through your home, creating a truly seamless WiFi experience.

Whole Home Coverage

Eliminate weak signal areas throughout your house

Smart Roaming

Uninterrupted streaming when moving between rooms

One WiFi Name

No more switching WiFi network names
