NETGEAR 4-STREAM WIFI 6 MESH EXTENDER

Model: EAX15-100PES

Manufacturer: NETGEAR

EAN: 606449150025

Product Code: 413476

R3,293

CREATE A POWERFUL WIFI 6 MESH SYSTEM

NETGEAR® AX1800 4-Stream Mesh Extender (EAX15) supports the latest generation WiFi 6 (802.11ax) standard. This powerful Mesh Extender is built for the future of WiFi delivering great capacity, fast speed and more coverage.Experience powerful WiFi with more devices and seamless coverage in your home with speeds up to 1.8Gbps. With 4-streams more WiFi spatial streams provide more available bandwidth and less congestion for all the devices in the WiFi network. Ideal for small to medium-sized homes with up to 4 bedrooms, you can extend powerful WiFi to every corner and take advantage of the fastest broadband speeds available to get the speeds you pay for. Upgrade to a WiFi 6 Mesh Extender to experience the fastest WiFi speeds and up to 1.5-times greater network capacity than WiFi 5, so you can connect more and more devices on your WiFi today and tomorrow without worry.

Easily Create a Mesh WiFi 6 System with your Existing Router

Expand coverage of your Existing Router using your current WiFi name and password. This desktop design has two powerful internal antennas that extend WiFi signals to where your router WiFi cannot reach. This AX1800 Mesh Extender is backward compatible with previous WiFi generations (11a/b/g/n/ac) and will work with all your existing internet-connected devices.

Great Speed and Range without Bandwidth Drop

Your upgraded WiFi experience will deliver smooth streaming of ultra HD content on your new smart TV, music for your WiFi connected speakers, and fast online game play throughout your home.

No More Switching WiFi Network Names

AX1800 4-Stream Mesh Extender creates a seamless network throughout your home by using the same WiFi network name (SSID) as your router. Your WiFi devices such as smartphones and laptops will remain connected to the same network name without disconnect and reconnect as you move around your home and yard.

Seamless Coverage for Your Mobile Devices

Smart Roaming intelligently connects your mobile devices to the optimal WiFi for 4K streaming, surfing and more. Now you can enjoy uninterrupted streaming on YouTube or Netflix, even as you move around the house.
Smart Roaming is designed for devices that support the 802.11k standard.

L'extender mesh Wi-Fi 6 a 4 flussi NETGEAR (EAX15) crea una potente rete Mesh WiFi per una maggiore copertura domestica. Il WiFi 6 (802.11ax) di ultima generazione offre un WiFi notevolmente più veloce in un pratico form factor con presa a muro. È retrocompatibile con router e dispositivi di generazione precedente e attuale (standard WiFi 5 e WiFi di generazione precedente).
