The Philips Pico USB flash drive is one of the smallest flash drives available on the market. Due to its compact design, the flash drive can remain in the USB port of the laptop even during transport. Also highly suitable for use in car audio systems and smart TVs equipped with a USB port.

Super Speed USB 3.0

Super Speed USB 3.0 enables fast storage and sharing of (multimedia) files, such as photos, videos, and music files, to and from your computer. Reads files at a maximum speed of 180MB/s.
