A versatile tool accessible at the touch of a button, AcerSense™ lets you access all your device’s AI features in one place. For a smoother, more user-friendly AI experience.

Smoother Video Calls

Look and sound your best with PurifiedView™ 2.0 and PurifiedVoice™ 2.0. Optimize your video calling experience with auto-framing, super-sharp resolution, and portrait refinement, while AI noise cancellation and a triple-mic setup ensure crystal-clear audio.

Cloud-Free, Local AI

Acer Assist™ is a personal AI helper that works entirely on your device. It assesses your local files, helping you find elusive documents or specific text – all without sending data to the cloud.

Personalized Desktop Art

Transform your desktop into a daily masterpiece that inspires and delights. Acer VisionArt™ creates stunning, personalized AI-generated backgrounds based on your location and theme, producing high-fidelity wallpapers that tell your story.

Fun Creation

Instantly remove backgrounds from images with Acer LiveArt™ 2.0. Edit and create AI stickers to paste anywhere, and when you screenshot or open an image, the menu screen intuitively pops up to assist.

Intuitive Presence Detection

Acer User Sensing™ 2.0 detects when you step away, auto dimming the screen for privacy and battery preservation and waking when you return. And with just a glance, seamlessly move windows between multiple screens to enhance your multitasking experience.

Rest assured, knowing your personal details remain protected even if your device is compromised with hardware level Secured-Core PC (Level 3) protection as well as Intel’s hardware-based security features.

On-Device AI Tasks

Instead of dispatching sensitive data to the cloud for processing, the built-in NPU can empower Swift 14 AI and Swift 16 AI to perform some AI tasks locally, for increased privacy.

Effortless Login. Staunch Security.
Biometric security features with Windows Hello allow for login through facial recognition or fingerprint sensor, so only you can access your device.

Rest Easy

One flick of the webcam privacy shutter means that all your personal moments are shielded and digitally closed off.

Safeguard Against Threats

With free access to McAfee+ Premium and McAfee Smart AI™, you get powerful security features like AI-powered threat detection, text scam protection, and deepfake detection – helping you easily spot real versus fake content.

Stay Connected, Anywhere

The world is your playground. With lightning-fast Wi-Fi 7 and Bluetooth 5.4, Swift 14 AI and Swift 16 AI keep you connected wherever you go. Experience seamless streaming, lag-free video calls, and effortless file transfers without missing a beat.

Expand Your Possibilities

Connect, create, and collaborate. Swift 14 AI and Swift 16 AI deliver seamless connectivity with versatile ports, a 1440p webcam, and enhanced audio, ensuring you’re equipped for smooth communication and productivity with all your devices.
