The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Swift 14 AI delivers exceptional speed and responsiveness: featuring the latest power-efficient and performance-optimized ARM-based silicon architecture, it’s built for demanding tasks and effortless multitasking.

A New AI Era Begins

A whole new way of interacting with your PC is here. Connect, find, achieve, and create like never before, and discover the power of what's possible.

Smart and Effortless AI

Acer brings intelligent AI solutions to your fingertips, with features that effortlessly streamline settings, optimize your video presence, and elevate communication.

Streamline Your Settings

A versatile tool accessible at the touch of a button, AcerSense™ lets you access all your device’s AI features in one place. For a smoother, more user-friendly AI experience.

Elevate Your Communication

Experience new supersharp resolution and portrait refinement features to go with automatic framing, advanced background blur, and gaze correction. Put your best face forward with Acer PurifiedView™ 2.0.

Cut Through the Noise

Employing a 3rd mic and AI noise cancellation, Acer PurifiedVoice™ 2.0 suppresses unwanted background noise – ensuring voices heard and spoken are exceptionally clear and crisp.

Preserve Your Privacy

Acer User Sensing can detect when you step away from your screen – having it turn off automatically when away and wake up when you approach, for added privacy and battery preservation.

Sleek. Refined. Versatile.

Meticulously designed and crafted with premium materials, lightweight construction, and a stunning aesthetic that seamlessly blends form and function.

See the Difference

Immerse yourself in a world of vibrant visuals. Enjoy stunning clarity, rich colors, and sharp detail perfect for work, creative projects, or simply streaming your favorite shows.

Stay Connected, Everywhere

Effortlessly connect anywhere with the latest wireless technologies and blazing-fast speeds, ensuring you always have the access you need to your files and applications.

Expand Your Possibilities

A comprehensive selection of ports lets you expand your setup, connect all your essential peripherals, and transfer data with lightning speed and convenience.

Built-In Peace of Mind

Safeguard your digital life with protection at the hardware and software level – along with biometric security and advanced privacy features.

Your Data and Privacy Secured

Rest assured, knowing your personal details remain protected even if your device is compromised with hardware level Secured-Core PC (Level 3) protection.

On-Device AI Tasks

Instead of dispatching sensitive data to the cloud for processing, the built-in NPU can empower Swift 14 AI to perform some AI tasks locally, for increased privacy.

Effortless Login. Staunch Security.

Biometric security features with Windows Hello allow for login through facial recognition or fingerprint sensor, so only you can access your device.

Rest Easy

One flick of the webcam privacy shutter1 means that all your personal moments are shielded and digitally closed off.

Designed with Earth in Mind

Our commitment to sustainability shines through in the use of environmentally conscious materials, energy-efficient design, and responsible manufacturing practices.
