## Optimized Brilliance

Swift Edge AI PC handles the most challenging of tasks with ease with exceptional performance and optimized power delivery thanks to the unparalleled capabilities of AMD Ryzen™ 8040 Series processors<sup>1</sup> combined with integrated AMD Radeon™ 700M Series graphics<sup>1</sup>.

### The Power of AI. In Your Laptop.

With AMD Ryzen™ AI built in<sup>1</sup>, Swift Edge 16 AI PC is equipped with a dedicated AI engine boasting up to 60% improved AI performance<sup>2</sup>—and paired with Acer's own AI solutions, it's ready to usher in the future with more intuitive and enjoyable AI experiences.

## Copilot in Windows

Do more, quicker than ever across multiple applications with the centralized generative AI assistance of Copilot in Windows 11<sup>3</sup>. Accessible at the touch of a button with the Copilot Key.

## Acer PurifiedView™

Powered by AMD Ryzen™ AI—experience automatic framing, advanced background blur, and gaze correction for AI-enhanced video calls, while Acer TNR steps in for sharper images in low light.

## Acer PurifiedVoice™

Employing sophisticated AI algorithms to identify and suppress unwanted background noise, Acer PurifiedVoice™ delivers distraction-free audio for more engaging communication experiences.

## Indulge Your Eyes with a Swift OLED Laptop

Experience next-level visuals on a 16-inch, 16:10, 3.2K OLED panel that can display over a billion colors. Offering deeper blacks, brighter whites, 100% DCI-P3, and a 120 Hz refresh rate for unsurpassed motion clarity.

## True-to-Life Color

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

Experience the most accurate, vivid, and true-to-life colors possible with 100% DCI-P3 color coverage. The cinema-grade, industry standard for video editing.

## Ultra-High Contrast

At 1,000,000:1 contrast ratio and 500 Nits peak brightness, VESA DisplayHDR™ True Black 500 certified displays offer photorealistic visuals with ultra-high contrast and deep blacks.

## Eyesafe® Certified 2.0

Professionally calibrated and certified by TÜV Rheinland to balance blue light limitations and keep potential eyestrain to a minimum—for more comfortable, extended viewing.

### Freedom to Move. Freedom to Unplug.

Enjoy the freedom and flexibility to be productive anywhere—on an ultra-thin and incredibly light aluminum alloy chassis—featuring the optimized power consumption of AMD's Zen 4 architecture for extended periods of unplugged use.

## Flexible Cooling with TwinAir

Twin stereo ring fans dissipate heat for precise and controlled heat dissipation. Use the AcerSense™ app to choose from multiple cooling modes—Silent, Normal, and Performance Mode.

## Work Safer with Microsoft Pluton

The Microsoft Pluton security chip helps keep your personal data protected at the hardware level, while the Windows Hello fingerprint reader allows for secure biometric access to your PC.

## The Connectivity

Swift Edge 16 features a plethora of connectivity options, including Wi-Fi 7E with enhanced speeds of up to 5.8Gbps, ultra-low latency of under 2 ms, and multi-link capability for a more reliable and seamless wireless connection.
