

Zyxel Nebula FWA70 wireless router 2.5 Gigabit Ethernet 5G

Model: FWA70-EU0102F

Manufacturer: ZYXEL

EAN: 4718937652860

Product Code: 460588

R10,978

Outdoor-ready.

Reliable connectivity, rain or shine.

Designed with an IP55 weather-resistant enclosure, this solution is built to handle light rain, wind and everyday outdoor conditions. Perfect for delivering high-speed internet to remote or rural areas, it excels where wired connections are unreliable or unavailable.

By leveraging the power of the 5G network, it ensures fast, stable connectivity - whether used as a primary link for underserved regions or as a dependable backup solution when wired service falls short.

5G connectivity that thrives in real-world conditions.

The FWA70 is designed to thrive in real-world conditions. With IP55-rated protection, wide operating

temperatures, surge protection, and wind-tested durability, you can rely on stable performance even when the weather turns extreme.

Stay connected.

Stay ahead.

Skip the wait and high costs of wired internet with the FWA70. Powered by 5G NR Sub-6 GHz, it delivers instant high-speed access with download rates of up to 7 Gbps*, supported by 4x4 MIMO high-gain antennas (up to 9dBi per element) for stronger coverage and consistently stable performance.

For Businesses - stay resilient with 5G as a reliable backup. Perfect for SMBs to ensure operations keep running when fixed lines fail.

Fast setup.

Smarter connectivity.

Get connected in minutes - just insert a Nano SIM card and the FWA70 is ready to deliver high-speed 5G. Designed for homes, small offices and prosumers, it combines straightforward setup with advanced performance.

The 2.5mGig (multi-gig) LAN port not only unlocks superfast 5G-to-LAN connectivity but also delivers the FWA70 with power and data through a single cable, simplifying installation. The Zyxel One app helps you find the strongest signal for optimal placement, while clear LED indicators make it easy to check status at a glance.

Click. Tap. Done.

Get up and running in minutes with the Nebula mobile app. With just a few simple clicks, our user-friendly step-by-step wizard walks you through the entire installation process, no technical expertise required.

Once connected, the intuitive interface gives you complete control, making it easy to adjust settings, monitor performance and manage your network anytime, anywhere

For Prosumers - enjoy multi-gigabit performance for 4K streaming, content creation and remote work without compromise.

Powerful, effortless and
scalable connectivity.

With Nebula, you can manage your entire network – wireless, switching, security and LTE/5G – through a single centralized cloud platform. Deploy and configure devices quickly and remotely, without the need for extra hardware controllers or software.

Whether you're managing one site or many, Nebula delivers real-time monitoring, instant alerts and complete network visibility – anytime, anywhere.

Scale confidently, simplify operations and stay secure – all through one intuitive platform.

Flexible installation.
Compact design.

The FWA70 supports multiple mounting options — place it on a desk, fix it on a wall, attach it to a window, or pole-mount it outdoors. Its compact footprint blends easily into any space while delivering high-performance 5G connectivity.

* Wall-mount and pole-mount kits come as standard. Other mounting accessories are available as optional extras.

Sustainable by design.

The Zyxel Group is committed to reducing its environmental impact through eco-friendly packaging and sustainable practices.

The FWA70 reflects that commitment by arriving in recycled paper packaging. Beyond packaging, we care about performance - and the planet: an advanced power-saving mode helps minimize energy waste, while consumption tracking via the Zyxel One app or web GUI empowers you to monitor and manage energy usage responsibly.
