

JVC Nearphone TWS White

Model: HA-NP35T-W-U

Manufacturer: JVC

EAN: 4975769470707

Product Code: 461411

R2,166

Nearphones are entirely wireless earphones with a new structure that does not block the ear canal. Leaving them completely open, so you can continue hearing surrounding sounds around you while listening to your music, audiobooks or that important online business meeting.

You can listen wirelessly for up to 7 hours, then charge anytime or anywhere via the slimline charging case for 10 hours more—a total of 17 hours of battery life. The IPX4 waterproof and sweat-resistant also make them ideal for jogging and exercise.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
