ensuring efficient and safe power delivery to your devices. With its strong magnetic alignment, it securely holds your devices in place for a hassle-free charging experience. Perfectly designed for Apple's ecosystem, it can wirelessly fast charge your iPhone (up to 15W with Qi2), Apple Watch, and AirPods simultaneously, all while maintaining a sleek, foldable form factor for ultimate portability. Whether at home or on the go, the HyperJuice charging stand keeps your essentials fully charged and within reach.

Wireless Qi2 iPhone Charging up to 15W

No more waiting around for your devices to charge. Wirelessly charge 2X faster with the power of Qi2, the latest in wireless charging technology, delivering up to 15W of charging power to fast charge Qi2-enabled devices. Providing optimal energy usage and safeguarding your device's battery life, ensuring you stay powered up and ready for anything.

*Qi2 charges 2X faster than 7.5W MagSafe-compatible Qi protocol

Charge Three Devices Simultaneously

No more juggling chargers and cables. Power up your iPhone (up to 15W), Apple Watch (up to 5W), and AirPods (up to 5W) all at once. Perfect for Apple users that want to ensure essential devices are always charged and ready.

Portable, Compact Design

Featuring foldable charging modules, it has been designed with portability in mind. Whether you're packing for a business trip or a weekend getaway, this stand fits snugly into your bag, ensuring you have a reliable and compact charging solution wherever you go.

Made For Apple Watch

Featuring a dedicated 5W Apple Watch-optimised charging pad, that ensures optimal charging performance and security for your smartwatch. Keep track of your health metrics and notifications without worrying about running out of battery.
