R993

Product information "Ergonomic mouse, wireless, 2.4 GHz, 1200 dpi, black" from LogiLink

Hours of working with the computer mouse often causes a unnatural posture and pain. LogiLink's scientific advanced ergonomic computer mouse has natural hand positioning which eases hand and wrist tension. The dual connection mode allows you to switch between 2.4 GHz wireless and Bluetooth 4.2. After 10 minutes of inactivity, the mouse automatically switches to sleep mode to saving power.
