R3,841

JBL Live Flex 3 true wireless noise-cancelling open-stick earbuds come with a Smart Charging Case™ which allows you to control all the earbuds' features without opening the JBL app on your device. JBL Signature Sound and JBL Spatial Sound make music and movies come to life, while best-in-class True Adaptive Noise Cancelling tunes out distractions.

Make your day sound amazing

Get customized sound without even looking at your phone. Use the controls on the Smart Charging Case™ of the JBL Live Flex 3 true wireless noise-cancelling open-stick earbuds with Hi-Res Audio to customize all their features without opening the JBL app on your device. Adjust volume and EQ, control your music, take phone calls, see messages—you can even customize the screensaver with your favorite photos. And that's before you get to enjoy the monumental JBL Signature Sound of the Live Flex 3 earbuds themselves. Best-in-class True Adaptive Noise Cancelling tunes out distractions.

JBL Spatial Sound makes movies and music truly immersive. And if you have to take a call, 6 mics ensure perfect sound quality even in the noisiest surroundings. All this, plus a 50-hour charge: 10 hours in the buds* and another 40 in the case—and they can charge wirelessly. The charging case features a loop to attach a lanyard for even more convenience. Great sound has never been simpler.
(*with ANC off)
