

JVC GG-01 Headset Wired Head-band Gaming Black

Model: JVC GG-01BQ

Manufacturer: JVC

EAN: 4975769024191

Product Code: 462180

R3,178

Extremely lightweight and comfortable wireless headset designed for extended use during long gaming sessions.

LIGHTWEIGHT DESIGN

Headsets that can be used comfortably for long gaming sessions, thanks to the ultralight housing structure with honeycomb mesh.

PROLONGED COMFORT DURING EXTENDED USE

Designed for gamers who play for long periods at a time.

Extremely comfortable earpads that are fatigue-resistant with added cushioning and soft mesh material that effectively releases moisture.

PERFECT FIT

An adjustable light elastic band with slider provides a custom fit along with the swivel structure that sets the angle of the earpads to just the right position.

HIGH-DEFINITION SOUND

Finely tuned for gaming with ideal localization and separation, while the 40mm driver with low distortion produces high resolution sound quality. It accurately captures the sounds necessary to achieve victory. Also, the microphone is adjusted to minimize noise and provide clear performance.

LOW-LATENCY WIRELESS CONNECTION

Don't let lag slow you down. Low latency is provided by a 2.4 GHz wireless connection that lets gamers play without ever worrying about lag.
