images to the new level of detail and clarity. Offering 8.3 million pixels, the QM-4302 provides the ultimate 4K digital signage experience, delivering business messaging, and boost customer engagement.

EMBEDDED IMAGE ENHANCER

The embedded image enhancer features a 3D Deinterlace and Noise Reduction to solve image issues – offering crystal clarity to the most demanding environments.

BLACK-LEVEL ALIGNMENT

Black-level setting- easily adjust the level of brightness from the dark area of the images by remote control.

SIMPLE CONTENT PLAYBACK AND SCHEDULING

The embedded media player allows users to conveniently play content from a USB drive or micro SD card. Simply create scheduled playlists based on time and day and configure playback settings with the included remote control to display your personalised content.

PATENTED ANTI-BURN-IN™ TECHNOLOGY

To combat the effects of traditional LCD burn-in or ghosting, AG Neovo utilises its patented Anti-Burn-in™ Technology to prevent image burn-in and assure the extended life span for displays.

FREE PID COMMAND & CTRL SOFTWARE

PID Command & Ctrl provides intuitive user interfaces for remote management via laptops and mobile devices and offers easy creation on video wall displays. The software also has simple colour calibration, temperature check, IR/key locking options, and time on usage monitoring for daily maintenance.
