INTEGRATED CONTENT SCHEDULER

The built-in integrated scheduler in the OSD menu allows you to easily broadcast content based on different input sources, time, and day by IR remote control.

EMBEDDED IMAGE ENHANCER

The embedded image enhancer features a 3D Deinterlace and Noise Reduction to solve image issues – offering crystal clarity to the most demanding environments.

BLACK-LEVEL ALIGNMENT

Black-level setting – easily adjust the level of brightness from the dark area of the images by remote control.

PATENTED ANTI-BURN-IN TECHNOLOGY

To combat the effects of traditional LCD burn-in or ghosting, AG Neovo utilises its patented Anti-Burn-in™ Technology to prevent image burn-in and assure the extended life span for displays.

VERSATILE CONNECTIVITY FOR MULTIMEDIA PLAYBACK

This 32-inch slim bezel digital signage display integrates diverse connectivity, including HDMI, VGA, RS232, RJ45 to connect external devices. In addition, the display supports USB playback functionality and users can directly playback multimedia content via a LAN connection.

FREE PID COMMAND & CTRL SOFTWARE

PID Command & Ctrl provides intuitive user interfaces for remote management via laptops and mobile devices and offers easy creation on video wall displays. The software also has simple colour calibration, temperature check, IR/key locking options, and time on usage monitoring for daily maintenance.
