AG Neovo VA-3201 computer monitor 80 cm (31.5") 1920 x 1080 pixels Full HD LCD Black

Model: VA-3201

Manufacturer: AG NEOVO

EAN: 4710739598377

Product Code: 47378

R4,505

32’’ Full HD LCD display

The VA-3201 is a 32’’ Full HD LCD display engineered for essential digital signage applications. Featuring sharp 1080p resolution, expansive viewing angles, and a high contrast ratio, it delivers compelling visual content in indoor environments. Its versatile connectivity options and integrated audio capabilities enable seamless connections to media players and various multimedia devices, providing an immersive visual and auditory experience. The display supports both desk placement and mounting in landscape or portrait orientations, making it an ideal solution for retail, corporate, and other indoor commercial spaces.

Full HD Visibility for Commercial Use

The VA-3201 combines Full HD 1920×1080 resolution, 300 nits of brightness, and 16/7 commercial operation times to easily deliver business messaging and boost customer engagement.

Vibrant and Clear in Any Light

The display’s 300 nits brightness ensures highly visible images and messages in a wide range of locations from shopping malls to lobbies, control rooms and more.

Consistent Image Performance at Every Angle

By adopting wide viewing angle panel, this monitor delivers consistent colors and detailed images with the same image quality whether you are looking at the screen from above, below, the front, or the side.

Landscape/Portrait Capability

Designed for versatile installation, our commercial-grade display supports both landscape and portrait orientations, catering to the specific needs of any surveillance or information display setting.

Integrated Dual Speakers

Integrated with dual 1W speakers, the VA-3201 provides sound effects for multimedia content.

Versatile Connectivity

Equipped with multiple input options – HDMI, DisplayPort, and VGA – our monitor ensures compatibility with a wide range of devices.
