Product Code: 48306

R5,888

Be a productive powerhouse with the sleek HP Z22n G2 54.6 cm (21.5") Display. This virtually seamless Full HD display is factory-tested for reliability and longevity with integrated color calibration, uninterrupted multi-screen tiling, and expansive device connections.

Streamline productivity with screens for every project

- Multi-task without disruptions across multiple displays with a 3-sided micro-edge bezel on each screen. Get stunning visuals from the 1920 x 1080 resolution, 16:9 aspect ratio, 54.6 cm (21.5") diagonal IPS screen and over 2 million pixels.

Out-of-this-world color right out of the box

- Consistent, accurate color between displays and from project to project is easier than ever with factory color calibration from the very first time you power on.

Quality from the start

- We rigorously test each HP Z Display to help ensure it's a reliable, long-life visual solution, and back it up with the HP Zero Bright Dot Guarantee, HP's most stringent pixel policy, which replaces the screen if even one bright sub-pixel fails.

Big ideas for small spaces

- Make the most of your available workspace by mounting powerful machines like the HP Z2 Mini Workstation directly behind the display for a compact, efficient, single-footprint solution.
