The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

Easily manage reports, webinars, conversations and searches in a single view and turn the wide screen into your favorite workspace.

Stop Alt-tabbing and start viewing side-by-side

Keep your datasheets and reports side by side without repeating Alt-tab.

HDR10

Detailed Contrast

29BN650-B is compatible with HDR10 allowing you see contrast and color more clearly.

IPS with sRGB 99% (Typ.)

Extraordinary Color

LG IPS monitor displays color by showing 99% coverage of the sRGB color spectrum.

Great Sound with MaxxAudio®

The 29" FHD UltraWide Monitor features 7W stereo speakers with MaxxAudio®

OnScreen Control

Control with a few clicks

You can customize the workspace by splitting the display or adjusting basic monitor options with just a few mouse clicks.

Flicker Safe & Reader Mode

Care for Eyes

Flicker Safe reduces invisible flickering on the screen and provides a more comfortable working environment for your eyes. In Reader Mode create a screen with a color temperature similar to that of paper.

AMD FreeSync™

Clearer, Smoother Image

With AMD FreeSync™ technology, gamers can experience virtually seamless, fluid movement throughout hi-res, fast-paced games. AMD FreeSync™ virtually eliminates screen tearing and stuttering.

Dynamic Action Sync

React Faster to Opponents

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

Minimize input lag with Dynamic Action Sync so gamers can catch virtually every single moment in real-time.

Black Stabilizer

See Better in the Dark

Black Stabilizer illuminates dark areas of your game giving your better clarity.

Crosshair

Better aim

The target point is fixed in the center to enhance shooting accuracy.
