The advanced 4K OLED processor takes ordinary picture and makes it extraordinary. Thanks to self-illuminating pixels, you can enjoy a naturally bright and colorful picture every time. The S95B works in tandem with the mighty AI-powered processor to deliver superb contrast and the sharp 4K picture. The finished result is a cinematic picture detail that'll take your breath away.

A powerful AI-powered processor makes ordinary picture and sound extraordinary. By combining 20 multi-layer neural networks it cleverly analyzes images and restores every detail, pixel by pixel. It automatically adjusts the brightness, amplifies the contrast, enhances objects and upscales the resolution of whatever you're watching. So you can watch movies, sport and TV shows in 4K - even if they've not been filmed that way.
