USB Type-C™

Easy Control and Connectivity

USB Type-C™ ports allow 4K display, data transfer and connected device charging (up to 90W), all at the same time over a single cable.

Enhance Games up to 4K and HDR

Immersive Gaming Experience

32UP550N boosts the new era of 4K HDR console gaming experience, not only bringing unprecedented thrills with decent image, and sound, but also helping you win more battles with AMD FreeSync™, Dynamic Action Sync and Black Stabilizer.

AMD FreeSync™

AMD FreeSync compatibility brings clearer, faster, smoother game play. Reduce screen tearing and minimize stutter and input lag to experience virtually seamless, fluid movement in high-resolution and fast-paced games.

Dynamic Action Sync®

Get the closest thing to real-time gaming. Dynamic Action Sync elevates your gameplay for a pro-level experience. Respond to action, opponents and every moment with minimized input lag and unbelievable performance.

Black Stabilizer®

Your gameplay is never in the dark. Black Stabilizer is your ally to attack or defend against enemies hiding in the shadows. It delivers a pro-level gaming experience for enhanced vision and a jump on the competition.

Enjoy 4K and HDR Contents

More Vividly and Realistically

HDR content from multiple streaming services explores. The result is the most true with vivid color in a wide range when playing on LG UHD 4K monitor with HDR10 technology in support of DCI-P3 90% (Typ.) color space.
