
HPE Memory 16GB Dual Rank x8 DDR4-2933 Registered Smart Kit

Model: P19042-B21

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017381749

Product Code: 48827

R18,065

HPE DDR4 SmartMemory delivers great performance, reliability, and efficiency. The large selection of server memory solutions provides the compatibility, capacity and bandwidth you need to productively manage your expanding workload.

As workloads grow and data center trends such as server virtualization, cloud computing, and the use of large database applications increase the need for higher-capacity memory with greater uptime, the quality and reliability of DRAM become ever more important. HPE SmartMemory goes through additional rigorous qualification and testing processes that unlock extended memory performance features available only with HPE Gen9 and Gen10 servers. This extensive testing ensures that HPE server memory is completely compatible with and optimized for HPE servers.

Product Description: HPE SmartMemory - DDR4 - module - 16 GB - DIMM 288-pin - 2933 MHz / PC4-23400 - registered | Product Type: Memory module | Capacity: 16 GB | Memory Type: DDR4 SDRAM - DIMM 288-pin | Upgrade Type: System specific | Data Integrity Check: ECC | Speed: 2933 MHz (PC4-
