

SYNOLOGY D4ES01-8G 8GB DDR4 ECC SODIMM RAM Module

Model: D4ES01-8G

Manufacturer: SYNOLOGY

EAN: 4711174724055

Product Code: 48891

R10,515

This Synology 8 GB DDR4 SDRAM memory module enhances performance and reliability of your Synology system. With an ECC data integrity check, it stabilizes your system by detecting and correcting data corruption. The unbuffered, SO-DIMM 260-pin form factor facilitates easy installation and swift data processing, making it a suitable choice for users aiming to boost their system's responsiveness. It offers seamless compatibility and efficient performance, ensuring your system operates smoothly.

Product Description: Synology - DDR4 - module - 8 GB - SO-DIMM 260-pin - 1333 MHz - unbuffered |
Product Type: Memory module | Capacity: 8 GB | Memory Type: DDR4 SDRAM - SO-DIMM 260-pin |
Upgrade Type: System specific | Data Integrity Check: ECC | Speed: 1333 MHz | Features: Unbuffered
| OEM Manufacturer Equivalent Part Number: Synology D4ES01-8G | Designed For: Disk Station
DS1621+, DS1621XS+, DS1821+; RackStation RS1221+, RS1221RP+
