capability and efficient DHX cooling - all the while being stable and reliable.

Very few components make it into the Dominator family. Corsair performs rigorous testing and screening on all components to select only the best for the Dominator modules. The tests check for high frequency and/or low latency capabilities for each IC. Then, they are thoroughly tested for maximum interoperability and reliability as a united group to meet the stringent design criteria demanded by performance computing and gaming users.

Product Description: CORSAIR Dominator Titanium RGB - DDR5 - kit - 64 GB: 4 x 16 GB - DIMM 288-pin - 6400 MHz - unbuffered | Product Type: Memory kit | Capacity: 64 GB: 4 x 16 GB | Memory Type: DDR5 SDRAM - DIMM 288-pin | Upgrade Type: Generic | Speed: 6400 MHz | Latency Timings: CL32 (32-40-40-84) | Features: Intel Extreme Memory Profiles (XMP 3.0), Dual-path Heat Xchange (DHX), built-in extreme overclocking Power Management IC (PMIC), 11 RGB lighting zones, customisable RGB lighting, aluminium heatsink, unbuffered | Voltage: 1.4 V | Manufacturer Warranty: Limited lifetime warranty
