

INTEL Core Ultra 9 285T 2.5GHZ LGA1851 36M Cache Tray CPU

Model: AT8076806417

Manufacturer: INTEL

Product Code: 50505

R14,278

The Intel Core Ultra 9 processor offers performance with a clock speed of 2.3 GHz and the capability to boost up to 5.1 GHz. This processor is built on Smart Cache technology, featuring 24 MB of cache memory for efficiency in data processing. With 16 cores and 22 threads, it manages multi-threaded applications, ensuring smooth operation across demanding tasks.

Integrated Intel Arc Graphics elevate the visual experience, supporting up to 7680 x 4320 @ 60 Hz (HDMI) resolution. The ability to handle quad display setups means improved multitasking capabilities. Additional features, such as Intel Quick Sync Video and advanced security technologies, enhance this processor, making it a versatile choice for professionals and enthusiasts alike.
