Manufacturer: BARACUDA

EAN: 3858894509256

Product Code: 512810

R838

Baracuda Seagul delivers powerful, balanced sound through its 50 mm drivers and 118 dB sensitivity. Whether you’re into music, movies, or gaming, the 20 Hz – 20 kHz frequency range ensures a rich and clear audio experience. The –42 dB unidirectional microphone keeps your voice clean and focused, perfect for team communication or calls. With USB and dual 3.5 mm connectors, setup is quick and flexible, while the 2.15 m PVC cable gives you plenty of room to move. Volume control is conveniently placed on the headset. Built from durable ABS plastic and finished in sleek black with rainbow LED illumination, Seagul adds style to any PC setup. Weighing around 310 g, it’s comfortable for extended use and a reliable everyday audio companion. Construction type: On-Ear | Fastening type: Headband | Connection: Wired | Frequency range: 20Hz-20KHz | Impedance: 32 Ω | Sensitivity: 118dB±3dB | Built-in microphone: Yes | Wireless connection: No | Volume control: Yes | Cable length (m): 2.15 | Additional functions: Rainbow LED illumination | Color: Pink | Weight: 310 g | Charger included: No
