

HPE ProLiant DL345 Gen11 8LFF CTO Server

Model: P54204-B21

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017595672

Product Code: 523387

R122,606

The HPE ProLiant DL345 Gen11 server is designed to meet the demands of modern IT environments, offering a blend of performance, security, and efficiency. With no HDD and the ability to upgrade, it provides a flexible foundation to build upon. Its rack-mountable form factor makes it an ideal choice for space-constrained setups, ensuring easy integration into existing infrastructure. Certified with ENERGY STAR Version 3.0, it operates efficiently, reducing power consumption and costs. Security is a priority, featuring a Trusted Platform Module (TPM 2.0) security chip to safeguard sensitive data. Expansion is straightforward with two PCIe 5.0 x16 slots, accommodating future growth. The server's management capabilities are enhanced by the Integrated Lights-Out 6 controller, facilitating remote monitoring and management. Additionally, it supports DDR5 SDRAM with HPE SmartMemory, ensuring high-speed data processing and reliability for critical applications. This server is a robust platform that combines advanced features and technologies to support the evolving needs of businesses.

Product Description: HPE ProLiant DL345 Gen11 - rack-mountable no CPU - 0 GB - no HDD | Type: Server - rack-mountable | Height (Rack Units): 2U | Localisation: Region: Worldwide | Server Scalability: 1-way | Processor: No CPU | RAM: 0 GB (installed) / 3 TB (max) - DDR5 SDRAM | Server
