HPE ML30 Gen11 8SFF Ht Plg CTO Server

Model: P65092-B21

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017681719

Product Code: 523421

R40,519

The HPE ProLiant ML30 Gen11 server is engineered to meet the demands of modern businesses, offering a blend of performance, security, and scalability. With its tower form factor, it provides a versatile solution that fits seamlessly into various operational environments, from small offices to larger data centers. At its core, the server supports up to 1 processor, allowing for performance scalability that can grow with your business needs. Security is paramount, with features like the Trusted Platform Module (TPM) security chip ensuring data integrity and protection against unauthorized access. Networking is made efficient with 4 x Gigabit Ethernet ports, powered by the Broadcom BCM5719 controller, facilitating high-speed connectivity and data transfer. For businesses requiring robust power management, the server's hot-plug power supply supports up to 2 units, allowing for easy maintenance and ensuring continuous operation. Additionally, the server offers flexible storage options with various RAID levels supported, enabling businesses to tailor storage configurations for optimal performance and data redundancy. The HPE ProLiant ML30 Gen11 is an ideal choice for businesses looking for a server that combines flexibility, security, and efficiency. Product Description: HPE ProLiant ML30 Gen11 - tower no CPU - 16 GB - no HDD | Type: Server - tower | Height (Rack Units): 4U | Server Scalability: 1-way | Processor: No CPU | RAM: 16 GB
