

HPE MSL LTO-6 Ultr 6250 SAS Drive Upg Kit

Model: C0H27A

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 887111223395

Product Code: 523461

R119,618

The HPE LTO-6 Ultrium 6250 tape drive represents HPE's sixth-generation of LTO tape drive technology capable large store capacity per cartridge while providing enterprise tape drive monitoring and management capabilities with HPE TapeAssure, ease of use with support for LTFS and AES 256-bit hardware data encryption easy-to-enable security to protect the most sensitive data and prevent unauthorized access of tape cartridges. Capable of data transfer rates up to 1.44TB/Hour, HPE's exclusive data rate matching feature further optimizes performance by matching speed of host to keep drives streaming and increase the reliability of the drive and media. HPE LTO Ultrium half-height drives are designed for server customers in direct attached storage (DAS) environments where hard disk and system bottlenecks can impede data transfer rates. The Ultrium 6250 tape drives provides investment protection with full read and write backward support with LTO-5 media, and the ability to read LTO-4 cartridges. By more than doubling the compressed capacity of previous generation Ultrium drives, HPE customers now require fewer data cartridges to meet their storage needs, significantly reducing their IT costs and increasing their ROI.

Product Description: HPE Ultrium 6250 Drive Upgrade Kit - tape library drive module - LTO Ultrium - SAS-2 | Device Type: Tape library drive module | Recording Standard: LTO Ultrium 6 | Enclosure
