

HPE MSA 2050 LFF Disk Enclosure

Model: Q1J06B

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017423715

Product Code: 523651

R86,791

The HPE Modular Smart Array 2050 LFF Disk Enclosure by Hewlett Packard Enterprise is a robust storage solution designed to meet the needs of growing businesses. This enclosure supports up to 12 devices or modules, making it an ideal choice for enterprises looking to expand their storage capabilities. With its support for the Serial Attached SCSI 2 interface, it ensures high-speed data transfer and reliability.

Designed to operate in a wide range of environmental conditions, the enclosure can function efficiently in temperatures from 5°C to 40°C and a humidity range of 10 - 90% (non-condensing), making it a versatile choice for various operational environments. Additionally, the inclusion of a 50 cm mini SAS cable facilitates immediate setup and connectivity, while its rack-mountable design allows for easy integration into existing server environments. Equipped with an AC 120/230 V internal power supply, the HPE Modular Smart Array 2050 LFF Disk Enclosure is also designed for efficient power consumption, offering operational cost savings and ensuring system uptime.

Product Description: HPE Modular Smart Array 2050 LFF Disk Enclosure - storage enclosure | Device Type: Storage enclosure | Enclosure Type: Rack-mountable - 2U | Installed Devices / Modules Qty: 0 (installed) / 12 (max) | Supported Drives: SAS-2 | Localisation: EMEA | Power: AC 120/230 V |
