SYNOLOGY HD6500 high-density data storage 2xIntel Xeon Silver 4210R 10-core 2.4GHz Turbo Boost up to 3.2GHz 64GB DDR4 ECC RDIMM

Model: HD6500

Manufacturer: SYNOLOGY

EAN: 4711174723645

Product Code: 523737

R668,148

The Synology HD6500 NAS server is a high-density storage solution, designed to cater to the needs of businesses requiring large storage capacities and robust data management capabilities. With the ability to support up to 60 devices or modules and equipped with 960 GB of SSD storage, it offers a

scalable and reliable platform for data-intensive operations. High-speed connectivity is ensured through 10 Gigabit Ethernet, alongside a comprehensive suite of data link protocols, making it ideal for environments demanding high throughput and efficient data transfer.

Advanced network services compatibility, including support for Apple File Protocol (AFP), Microsoft Active Directory (AD), and iSCSI, ensures seamless integration into existing network infrastructures, enhancing file sharing and accessibility across devices. The HD6500 is powered by dual Xeon Silver processors and 64 GB of DDR4 SDRAM, providing the necessary computational power to handle demanding applications and multitasking in busy network settings.

Security and management are important, with features such as firewall protection, SSH support, and a variety of remote management protocols. These features, combined with the device's flexible deployment options and high-performance specifications, make the Synology HD6500 an essential component of any data management strategy, offering efficiency and reliability.

Product Description: Synology High Density HD6500 - NAS server - 960 GB | Device Type: NAS server | Host Connectivity: Gigabit Ethernet / 10 Gigabit Ethernet | Enclosure Type: Rack-mountable - 4U | Total Storage Capacity: 960 GB | Installed Devices / Modules Qty: 2 (installed) / 60 (max) | Dimensions (WxDxH): 48.2 cm x 102 cm x 17.6 cm | Weight: 37.9 kg () | Processor: 2 x Xeon Silver 4210R 2.4 GHz (10-core) | Storage Controller: RAID SATA 6Gb/s RAID 0, 1, 5, 6, 10, JBOD, 5 hot spare | Hard Drive: 2 x 480 GB | Networking: 10Mb LAN, 100Mb LAN, 1GbE, 10GbE | RAM: 64 GB | Power: AC 200-240 V | Manufacturer Warranty: 5-year warranty
