

SYNOLOGY UC3400 12-Bay NAS Intel Xeon D-1541 8GB RAM

Model: UC3400

Manufacturer: SYNOLOGY

EAN: 4711174725205

Product Code: 523770

R218,244

The Synology UC3400 NAS server is engineered to meet the demands of enterprise environments, offering robust performance, high-capacity storage solutions, and advanced data protection. Powered by dual Intel Xeon 8-core processors and equipped with 16 GB of DDR4 ECC RAM, it delivers reliable, high-speed data processing capabilities. With support for up to 576 TB of storage, businesses can easily scale their storage capacity to meet growing data needs. The UC3400's comprehensive RAID configuration options, including support for the Btrfs file system, provide advanced data protection and recovery mechanisms, ensuring critical business data is safeguarded against loss. Additionally, its 1+1 power redundancy scheme, featuring dual 500 W power supplies, ensures continuous operation, minimizing downtime. Versatile connectivity options, including Gigabit and 10 Gigabit Ethernet ports, offer fast and reliable network performance, making the UC3400 an ideal solution for businesses looking to enhance their data management and storage infrastructure.

Product Description: Synology UC3400 - NAS server | Device Type: NAS server | Host Connectivity:
