

SEAGATE SYSTEMS 4006 2U12 12G RAID Array Storage System Enclosure - 25/10Gb iSCSI SFP

Model: D4436X000000DA-02

Manufacturer: SEAGATE CLOUD SYSTEMS

Product Code: 523864

R180,909

The Seagate Exos X 2U12 is designed to meet the demands of modern data storage with robust features and high performance. With support for 12 devices or modules, this rack-mountable solution offers flexibility in storage options. Its hot-swap capability ensures that maintenance can be performed without downtime, allowing for seamless operation in data-critical environments. Engineered for stability and resilience, the Exos X 2U12 operates within a temperature range of 5°C to 35°C and accommodates a humidity range of 8 to 80% RH (non-condensing). Additional features such as SNMP support, asynchronous replication, and self-healing capabilities enhance both operational efficiency and reliability, making it an option for enterprises seeking dependable performance in their data centers.
