Model: R4W99AAE

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 190017447438

Product Code: 523959

R57,031

Aruba User Experience Insight (UXI) is a cloud-based service assurance solution that validates network health and troubleshoots problems that affect day-to-day user experience. Ideal for campus and branch environments alike, UXI assumes the role of an end-user, evaluating the performance, connectivity, and responsiveness of network infrastructure as well as internal and external services such as corporate ERM or Office365 applications. This outside-in perspective is presented through a simple, intuitive dashboard that provides a proactive way to solve problems before they impact the business. UXI is easy to configure, deploy and manage, and immediately begins providing insights once sites are online.

Product Description: HPE Aruba User Experience Insight Cloud - subscription licence (5 years) - 1 licence | Product Type: Subscription licence - 5 years | Category: Online & appliance based services - access control, appliance software | Installation Type: Hosted - SaaS | Licence Qty: 1 licence |
