Product Code: 524044

R3,086

Meet with up to 250 people - even if they're not on Skype for Business. All they need is a phone or internet connection. See your contacts' online statuses, schedule meetings in Outlook, and start conversations from apps like Word and PowerPoint. Conversations are protected by strong authentication and encryption, and you manage employee accounts and features.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
