

HPE MS WS12 CAL 1DEV EMEA Lic

Model: 701609-A21

Manufacturer: HEWLETT PACKARD ENTERPRISE

EAN: 4948382958150

Product Code: 524078

R1,184

Windows Server powers many of the worlds' largest datacenters, enables small businesses around the world, and delivers value to organizations of all sizes in between. Windows Server 2012 redefines the server category, delivering hundreds of more features and enhancements spanning virtualization, networking, storage, user experience, cloud computing, automation, and more. Simply put, Windows Server 2012 helps you transform your IT operations to reduce costs and deliver a high level of business value.

Windows Server 2012 brings Microsoft's experience building and operating public clouds to customers running the Windows Server platform. It can help you deliver and manage a cost-effective IT infrastructure - both physical and virtual. It provides a modern, open application platform for both today's software applications and tomorrow's hybrid cloud solutions. And it helps you provide users with access from almost anywhere and any device, giving them the flexibility to stay productive while on the go.
