## **R14,376**

Want to manage more data in more locations while reducing storage costs? Need better ways to copy data offsite and to the cloud for disaster recovery and archiving. Maybe you want the ability to monitor systems proactively to avoid unacceptable downtime or loss? Or, you'd like faster, more granular recovery in case of an unplanned outage? Well, here's the good news: now you can accomplish all of this and more, simply and affordably, with Arcserve Backup.
