

CA OLP CA ARCserve Backup for Win Global Dashboard-per Managed site - 3Years Enterprise Maintenance Renewal

Model: GMRBABWB10E61CJ

Manufacturer: ARCSERVE

Product Code: 524771

R5,973

Arcserve Backup Global Dashboard provides a single network-based console to monitor and report dashboard information for multiple Arcserve Backup domains across your enterprise; both in your main office and in remote offices, all from a central location.

Using Arcserve Backup Global Dashboard you can find the backup job status of historical and recent jobs, find the nodes that are failing the most, the location of backed up data, whether data is

encrypted and ready for disaster recovery, information like volume, disk usage, memory, CPU, NIC,
