The HP EliteBook 8 G1i Next Gen Notebook is designed for professionals who need a balanced blend of performance, security, and mobility. It delivers responsive computing for everyday productivity with an Intel Core Ultra 5 processor and an Intel AI Boost neural processor that accelerates AI-assisted tasks and media enhancements. The notebook includes collaboration-ready audio and display features, USB-C power delivery with Sleep and Charge, and a spill-resistant keyboard with multi-touch clickpad to support efficient, comfortable use throughout the workday. Built to corporate standards, the system includes hardware- and firmware-level protections such as HP DriveLock, chassis intrusion detection, and multiple compliance certifications, while also meeting MIL-STD-810H testing for durability and ENERGY STAR certification for energy-efficient operation.
