TP-Link Archer AX80 wireless router Gigabit Ethernet Dual-band (2.4 GHz / 5 GHz) Black

Model: ARCHERAX80

Manufacturer: TP-LINK

EAN: 4897098687956

Product Code: 550086

R3,274

Hello AX6000,

Goodbye Congestion

Combining dual-band WiFi with high-tech WiFi 6, Archer AX80 provides eight simultaneous data streams to deliver up to 6.0 Gbps WiFi, achieving higher efficiency and lower congestion. By assigning different devices to the dedicated bands, your friends' Netflix feeds won't affect your gaming anymore.

Go Faster — Multi-Gig Wired Connections

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

In addition to stunning wireless speeds of 6.0 Gbps, AX80 also provides premium wired connections. A 2.5 Gbps port and 1 Gbps port make full use of gigabit speeds from your local ISP. Break through the 1G bottleneck and drive your devices to peak performance. WAN/LAN support gives you remarkable flexibility to tailor both ports to fit your network’s needs.

Powerful Processing with High RAM

Behind the WiFi 6 structure are the robust 2.0 GHz Quad-Core CPU and high memory. Enjoy fast connections and minimal latency even under the heaviest of transmission loads.

Boosted WiFi Coverage Throughout Your Home

8× high-performance antennas boost WiFi signals throughout your home. Beamforming technology detects devices and concentrates signals towards them, especially to previously hard-to-reach areas.

Massively Expanded Device Capacity

The number of IoT devices today creates greater demands on home WiFi. Archer AX80 future-proofs your home network with a higher capacity of devices.1

TP-Link HomeShield:
Advanced Security for Your Everyday Devices

With TP-Link HomeShield, enjoy advanced security features delivering a safe environment that protects your family and network's data and privacy.

VPN Clients and Server Supported

Allow devices in your home network to access remote VPN servers without needing to install VPN software on every device. Archer AX80 can run both the VPN and ordinary internet connections at the same time, delivering security and flexibility.

Easy Setup and Use

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Whether you prefer the intuitive Tether app or TP-Link’s powerful web interface, you can set up your Archer AX80 in minutes.
The Tether app allows you to manage network settings from any Android or iOS device.

Protect Your Children

Block inappropriate content for your children, and customize a time range for better online habits.

New Connection Notification

You will be notified by your phone when new devices connect. Kick off any suspicious connections and block them. It’s as simple as that.

Easy Firmware Upgrade

Tired of upgrading firmware? OTA updates enable easy firmware upgrades with a click in the management panel. To keep your security and functions always up-to-date, just turn on the auto schedule.
