10 Gbps Port for Multi-Gigabit Connectivity

Supports multi-gig internet service plans up to 10 Gbps

Equipped with one 10 Gbps WAN port, one 2.5 Gbps LAN port, three 1 Gbps LAN ports, and one USB 3.0 port, Archer BE700 provides super-fast connections and data transfers, driving your devices to peak performance.

Create Whole Home Mesh WiFi

Archer BE700 is EasyMesh-compatible. If you have any dead zones at home, just add another EasyMesh router/range extender to further form your whole home multi-gigabit mesh WiFi. No more searching for a stable connection.

Set Up in Minutes

Install the Tether app and simply follow the on-screen directions. In just three easy steps your entire home can be blanketed in strong and reliable WiFi.

HomeShield

Your Security is Our Priority

With TP-Link HomeShield, enjoy advanced security features that deliver a safe environment that protects your family and network's data and privacy.

Private IoT Network for More Security

Set up a separate WiFi for IoT devices and overlay HomeShield and advanced WPA3 encryption** to better protect the security of your home network and IoT devices.

VPN Clients and Server Supported

Allow devices in your home network to access remote VPN servers without needing to install VPN software on every device. Archer BE700 can run both the VPN and ordinary internet connections at the same time, delivering security and flexibility.
