HONOR Magic V3

The Thinnest and Lightest

The Slimmer The StrongerFoldable Smartphone

Octagon Dome

Brilliance from Within.

Inspired by a classic-modern fusion with a domed octagonal design, every gaze into the universe expresses a desire to reach out for art, culture, science, and all mysteries passed down.

Go Beyond Ultra-slim, Let the Foldable Shine.

HONOR Magic V3 is 9.2mm thick when folded, 4.35mm thick when unfolded and 226g in weight, providing a more comfortable grip like your bar phone.

5150mAh Large Battery, Keep Going all Day.

With a silicon content of up to 10% in the negative electrode, the silicon-carbon battery has made a great leap forward, leading the industry with its lightweight, slimness, and high silicon content. Empowered by the built-in Power Enhanced Chip HONOR E1 and the HONOR Power Management System, HONOR Magic V3 will do its best to keep you going.

HONOR Super Steel Hinge, as New as Ever.

With a strength exceeding 2100MPa, the all-new HONOR Super Steel Hinge forms a lightweight and more powerful one-piece arch bridge structure.

Aerospace Special Fiber, a Rival with Toughness.

HONOR Magic V3 marks the first time mobile phones have been armored with aerospace-grade fibers, which enhance the impact resistance by 40 times, making the device light and solid in hand.

IPX8, Unfazed by Water.

The 9.2mm ultra-slim body can achieve an IPX8 water resistance.6 Fearless of the challenge of 2.5 meters of water depth, worry-free of wet hand operation.

HONOR Anti-scratch NanoCrystal Shield, 10 Times More Scratch-resistant.

Armored with the HONOR Anti-scratch NanoCrystal Shield,7 the external screen is even as wear-resistant as a bar phone. Just forget about the extra protective film.

- 10xscratch resistance
- 10xdrop resistance

HONOR Super Armored Inner Screen, 5 Times More Wear-Resistant.

The pioneering nanoscale anti-scratch coating has enhanced the scratch resistance five times compared to a traditional inner screen. The impact-resistant silicon gel boasts of its characteristics as a "non-Newtonian fluid", making it confident in the face of different impacts and effectively protecting the screen.

HONOR Eye Comfort Display

artistic.

Flagship Core, All-round Core.

The Snapdragon 8 Gen 3 flagship is a great helper in the AI era, fully unleashing its power to explore the limits of intelligence.

RF Enhanced, World Connected.

The RF Enhanced Chip HONOR C1+ combines algorithm and antenna, providing both software and hardware performance. HONOR Magic V3 supports more 5G frequency band coverage worldwide, making international travel more convenient.

Your Security, Your Guard.

The Discrete Security Chip S1 combines a dual TEE security system, continually protecting your privacy. The Parallel Space offers enhanced security with a separate system and encryption, providing double the protection for your data.

HONOR Titanium Vapor Chamber, for a Cooler Grip.

The pioneering HONOR Titanium Vapor Chamber reduces its weight by 40%.19 Its ultra-slim body of 0.22mm is excellent for heat dissipation.

AI Privacy Call, Clearer than Ever.

AI Privacy Call 2.0 can intelligently recognize ambient volume and ensure clarity with minimal sound leakage. HONOR Magic V3 also features AI two-way noise cancellation and filtering for clear dialogue.

The Magic of a Phone

HONOR Magic V3 is one phone with two personalities; It is a bar phone when folded and a pad or even a computer when unfolded. It becomes your most loyal office gadget with a HONOR Magic Pen and a foldable keyboard.

Translation in Your Plain Sight.

HONOR Face-to-Face Translation supports multiple input methods including text and voice, offering low-latency translation. The inner and outer screens work together, enabling simultaneous interpretation.

AI HONOR Notes, Your Real-time Assistant.

The HONOR Notes supports audio-text conversion, multi-person voiceprint recognition, and multi-language translation. It is always on call as your most reliable conference assistant.

Magic Portal on Foldable

Multiple Intentions, Drag To Sync.

HONOR Magic V3 supports knuckle circle gestures for image search, and one-click access to Google Image Search and other applications.

AI App Sorting, Breath in with Delight.

Intelligent app sorting allows you to escape a messy interface. The AI application recommendation also provides direct access to your target application, making it unnecessary to prod around.

Toolbar at Hand, Split Screen at Will.

The inner screen features a smart toolbar at the bottom, which allows for permanent applications while providing intelligent recommendations and a split-screen shortcut.

Exclusive for Work

Office app such as DingTalk are exclusively compatible with HONOR Magic V3, which supports a split screen for meetings and documents, allowing for easy switching and multitasking.

Hover as You Go, Hold Your Tasks Anytime.

Experience the ultimate freedom with flexible hovering. Supports a wide range of apps—hold it whenever you want.

AI Eraser, Unbeaten by Precision.

Do you want to save an unfortunate photo strewn with passersby and a mess? The all-new AI Eraser comes to your aid, erasing unwanted items with one circle, faster and easier.
